Erkin Kaan Ark

erkin.kaan.ark@gmail.com
Istanbul, TR | linkedin.com/in/ErkinKaanArk | Military Service: Completed

Business Administration graduate (Koç University), with coursework in Marketing, Finance, and Business Analytics. Comfortable working with data in Excel — regression, scenario modeling, Solver-based optimization — and building SQL and Python skills alongside. Uses AI tools regularly for research, automation, and prototyping, and keeps learning to apply them more efficiently. Interested in roles where data analysis drives commercial decisions.

EDUCATION

Koç University | Istanbul, TR ***Sep 2018 – Feb 2023***
BSc Business Administration · GPA: 3.19/4.00

- **Specialization Tracks Completed:** Marketing, Finance, Business Analytics, Entrepreneurship, Operations Management, Retailing Management
- **Relevant Coursework:** Statistics, Quantitative Methods in Business, Management Science, Marketing Research, Financial Statements Analysis, Supply Chain Management, Electronic Commerce Management
- **Awards:** Vehbi Koç Scholar Certificate (Spring 2019), Dean's Honor Roll (Spring 2020, Fall 2020, Spring 2021)

Saint Benoit French High School | Istanbul, TR ***Sep 2013 – Jun 2018***

EXPERIENCE

BASF Turkey | Istanbul, Atasehir, TR ***Dec 2022 – Mar 2023***
Personal Care Marketing Intern

- Compiled an internal Excel database of local customer companies and their product portfolios.
- Conducted market research on Euromonitor and Mintel to map customer products across personal care categories.

PROJECTS

Analytics Case Studies — Budget Optimization, Forecasting & Performance Analysis

- Built a linear programming model in Excel Solver to optimize budget allocation under retention and break-even constraints; compared alternative scenarios and recommended the most practical one.
- Forecast revenue per user and break-even acquisition cost by applying curve fitting to retention data.
- Analyzed ad performance data in pivot tables, comparing unit economics across campaigns and traffic sources.

TECHNICAL SKILLS

SQL (SQL Server): Joins, Subqueries, Grouping & Aggregate Functions, Data Manipulation
Excel: Pivot Tables, Solver-based Optimization, Scenario Modeling, Regression Analysis, Advanced Formulas
Python: Basic Programming, Data Handling, Applied Statistics
GenAI (Claude, ChatGPT, Gemini): Deep Research, Image Generation, Task Automation
AI-Assisted Development (Claude Code, Codex, Claude in Chrome): Web & Desktop App Prototyping, API & LLM Integration, Workflow & Browser Automation
Market Intelligence Tools: Euromonitor, Mintel
PowerPoint: Data Structuring & Visualization

CERTIFICATIONS

Uygulamalarla SQL Öğreniyorum – BTK Academy (Information and Communication Technologies Authority), 2026
Python and Statistics for Financial Analysis – HKUST (Coursera), 2022

LANGUAGES

Turkish (Native) · English (Advanced) · French (B2, DELF 2017) · German (A2, Fit in Deutsch 2, 2013)

ACTIVITIES

Koç University Marketing Club ***Sep 2020 – Mar 2023***
Member of KAMP Committee / Admissions Coordinator

Saint Benoit European Youth Parliament Club ***Sep 2016 – Jun 2017***
